

Visit SoftNoze to talk about a specific project by registering for our "Sensor Integration Technology" program- a great way to evaluate SoftNoze as a potential supplier/partner.

Sensor Integration Program Upon request SoftNoze will host individuals and groups. Come to learn about technology and components for integrating automation sensors into manufacturing machinery and commercial equipment. You'll enjoy an informative presentation and meal (if you like) in a comfortable open house style format. The program is designed for those who engineer, specify, install and or maintain automation sensors. Explore components, technologies and design tips for creating an ideal sensor application. Learn about our product development process (CPR), see our facilities, meet our staff, or have your individual design questions answered by sensor integration component professionals. A program typically requires a 3-4 hour visit and can be tailored to meet your needs and or industry.

You must register for a Sensor Integration Program 30 days in advance. It is easy, just pick up the phone and call (315) 732-2726 or email. Or SoftNoze will visit you upon request to show you and your team what SoftNoze has to offer. Just pick up the phone and call (315) 732-2726 or email and let us know how we can help.

Industrial Sensor Integration (Typical Program Agenda*)		
9:00-9:30	Welcome & Orientation	SoftNoze
9:30-9:45	Company Overview	"
9:45-11:45	Integration Technology, Part 1	"
12:00-1:45	Lunch	Local Restaurant, TBD
2:00-3:30	Integration Technology, Part 2	SoftNoze
3:30-4:30	Looking Ahead: The future of Industrial Sensing & Integration	"
4:30-5:00	Facilities Tour	"
5:30-7:30	Reception	1888 Tavern, Matt Brewing www.saranac.com
* SoftNoze will gladly custom design a program to fit your schedule & needs
